Craft some pup-perfect snacks at home!

With just bananas, peanut butter, and oats, whip up these adorable cookies for your pup or a furry friend.

Ingredients:

- 2 cups oats (old-fashioned, 1 minute, or instant)
- 2 medium ripe bananas
- 1/2 cup natural peanut butter

Instructions:

- Preheat oven to 300F. Line a baking sheet with parchment paper.
- Add the oats to a food processor and grind until they reach a fine powder. Add the bananas and peanut butter and blend until a sticky dough is formed
- Remove from the food processor and roll out on

- a lightly floured surface. (Use whole wheat flour, more ground oats, or another dog-safe flour that you have on hand). You can use a cookie cutter or just cut them into squares.
- Lay the treats on the prepared baking sheet and bake for 25 to 30 minutes, until the treats are puffed up a bit, dry and dark brown on the bottoms, (they will still feel soft when first removed from the oven). The treats will get a bit more firm once they are cool but will still be a slightly softer dog treat. Let cool before giving one to your pup. Store in an air-tight container at room temperature for up to 1 week, in the fridge for up to 2 weeks, or store in freezer.
- Hand out treats and keep an eye on those wagging tails for any signs of excitement overload!
